## Q & A: About Senior Portraits

**I don't know where to go for my portraits?** Don't worry! With over 20 years of experience taking senior portraits in Owatonna I'll suggest places and ideas that I'm sure you'll love! Every year I scout out new locations and fresh ideas. Of course we can go anywhere in town, but here are a few possible places: Mineral Springs Park, Dartt's Park, Lake Kohlmeyer, West Hills, Prairie Park, R.R. Tracks, downtown buildings and alleys, the high school, Village of Yesteryear, your yard, or any other site you select! I'll go wherever you want!! PLUS, we have a full professional indoor studio with dozens of background options and a few unique settings in our yard!

**What if it rains?** Don't worry! We'll call you to discuss options to get everything you're hoping for indoors and out. We can always reschedule.

**Should I get there early?** Don't worry! Just come at the scheduled time. When you first arrive, we'll spend some time talking about your session, going over your outfits, selecting some backgrounds, looking at some picture ideas and choosing outdoor locations. Of course this consultation time will be "off the clock" and not part of your actual session time. This is where we plan your session so bring your ideas!

**How will I view my portraits?** Within two weeks after your session we will have your high resolution edited images and a fun movie will be on a disc or USB thumb drive - your choice! We will also post them to an online gallery.

**I heard you do Green Screen photography?** Yes! This has been an exciting addition to our senior sessions. I have hundreds of possible backgrounds to add in behind your photo AND I've created and found many others to personalize some sessions. Just let us know if you're interested and we'll let you know how it works

**How does the payment work?** The session fee is due when we take your portraits. If you choose to order professional reprints from us, the payment for the order is due when the order is placed.

**How do I schedule a session?** It's easy! Check your schedule and give us a call. When you call, please indicate which session you've chosen so that the proper amount of time can be reserved for you. We will want to know: if you want in-studio and/or outdoor portraits; how much time you want with your session; and any other ideas you have. Feel free to bring your own props. A parent or friend is welcome at the session. A "Too Look Good" tip sheet and a map to the studio will be sent to you.

# Choose your Session

This is your “Photo Shoot.” We have a variety of sessions to fit your style. WE ARE FLEXIBLE! If you don’t see what you want, please ask and we’ll figure out a way to make it work! We want you to be comfortable, have fun and express who you are. Feel free to bring any props, pets, wheels, activities or hobbies to personalize your session. We promise you’ll have a blast and create images that you’ll love.

All sessions include a photo release and high resolution edited images, giving you the ability to make your own prints or graduation cards. We also offer you the option to purchase professionally retouched and enhanced portraits and additional products. It’s the best of both worlds!

◆ **FREE Family Portrait Session** **\$0**

What better time than this year to create a special family portrait as one of the kids is getting ready to graduate? This can be done during the senior session (I’ll allow plenty of extra time) OR at anytime before graduation. We can do this in the studio or on location in a park or your backyard. Family Portraits can then be ordered from our Family Portrait Price List.

◆ **Printed Index Booklet of the Edited Images** **\$35**

We will print your edited images on an index booklet, 12 to a page, with the image numbers under them to use as an easy reference for the portraits in your session.

# Edited vs. Retouched & Enhanced Images

You may have noticed that the images you'll receive after your photo session are "edited images." These will be high resolution images that have been adjusted in Photoshop for color, contrast, exposure and given a little color pop to make a generally pleasing reprint. They have not been retouched or additionally enhanced. You will receive a release to make your own prints from these images and chances are for many people they will be pleased with this quality of printing. This gives you control to do what you want with your edited images.

If you choose to order portrait reprints from us, the images will be further enhanced for color **and** receive a professional retouching to make a stunning portrait. This type of retouching includes: removing blemishes, whitening teeth, brightening and enhancing your eyes, softening facial lines, softening shine, removing stray or unwanted wisps of hair - and other retouching services as requested. In addition, these images will be enhanced to improve the background and the overall look and impression of the portrait. We offer this service because we want your senior portraits to look amazing! As a professional portrait photographer, it's obvious that this enhanced service makes for a very special senior portrait.

We would also like to give you the opportunity to purchase a retouched and enhanced digital image that you can then use to make your own reprints. That's the best of both worlds!

- ◆ **Purchase 3 Retouched & Enhanced Images** **\$80**

traditional head & shoulder poses. Please be aware of your school yearbook deadline

# Our Promise . . .

Please note that your satisfaction is very important to us. We want you to be pleased with every aspect of your senior portraits. If for any reason you are unhappy with your portraits, please let us know and we will be willing to do what it takes to please you. We will gladly retake any of your portraits, or we will redo your finished prints until you are satisfied with the results.

We understand that some people may be a little uncertain or even nervous about their senior portraits. We try hard to make you comfortable in our home studio environment. But no matter how hard we try, sometimes that nervousness still might show in your portraits. If that's the case, we encourage you to give us a second chance and odds are that you will feel more comfortable and you will see that in your portraits.

The bottom line . . . we want you to be satisfied with your senior portraits. It's that simple!

*Thank You!*
